"MAUD MULLER," NO?

Some other girl, one scorching day,
Made a bluff at raking hay!
Beneath her Merry Widow glowed
Enough bleached hair for a flatboat load.
Whenever a man came honking by
The girl was ready with goo-goo eyes.
I was among the throng, but fudge!
May have been Maud, but I'm no judge!

Mr. George Pollitt is in Cincinnati today.

MEMORIAL DAY

The Nation's Sunday—The Day Generally Observed

Graves of Soldier Dead Garlanded With Beautiful Flowers

Uniform Rank, K. of P., and P. O. S. of A. Make a Pretty Showing

"From the silence of sorrowful hours
The desolate mourners go,
Lovingly laden with flowers,
Alike for the friend and the foe.
Under the sod and the dew,
Waiting the Judgment Day;
Under the roses, the blue,
Under the lilies, the gray."

That the old veterans of '61-'65 are rapidly passing to that home from which no traveler ever returns, was made impressively apparent in the thin line of G. A. R. Comrades that marched in the parade yesterday afternoon.

The merciless and relentless hand of Time is rapidly decimating their numbers, and it will be but a few more years until the last one will have answered "taps and lights out" and joined the innumerable host that have crossed over the river and are sleeping 'neath the shade on the other shore.

The lowering clouds of the forenoon, that threatened to mar the exercises of the day, gave way in the afternoon to bright sunshine, and never was a Memorial Day more beautiful. All nature seemed attuned for the occasion. The Silent City of the Dead, wherein sleep 136 of the Nation's defenders, was a picture of loveliness, garbed as it was in its carpet of green, with rare flowers and exotic plants covering mounds of departed dear ones.

The parade formed in front of G. A. R. Hall at the appointed time and in the following order—

Band
Carriage with speakers
Master Ray Herschfeld, Flag Bearer
Colonel J. Wesley Lee, Grand Marshal
U. R., K. of P.
P. O. S. of A.
Grand Army of the Republic

The line of march was followed as heretofore published in THE LEDGER.

By way of parenthesis it may be remarked right here that the martial appearance and excellent marching of the K. of P. boys were both captivating and pretty; while the P. O. S. of A. showed to good advantage in many bearing and good citizenship.

Arriving at the Cemetery the exercises at the Soldiers' Monument were as follows—Ritual work of the G. A. R. by Commander; Prayer by Chaplain; Lincoln's Oration; Strewing of flowers around Monument in memory of the unknown dead, at the conclusion of which came the introductory remarks of Captain Thomas A. Davis. Being one of the boys he knew exactly what to say and how to say it.

His pithy, pointed and beautifully rounded periods went right home to the heart and struck a responsive chord in the affection of his Comrades in Arms.

Captain Davis is always a ready and pleasing speaker.

The speaker of the day, Attorney Luther C. Reynolds, delivered a scholarly address in an entertaining and pleasing manner, which was evidenced by the absorbing attention accorded him by his hearers. At the conclusion of his remarks he was presented a handsome bouquet in the name of Joseph Heiser Post.

At Chicago, peering through a key-hole, Joseph Megala, 12 years old, received an injury in his right eye from an umbrella rib in the hands of a playmate on the other side of the door, which caused his death.

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit.
Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

ENGLISH MASONS

Will Honor the American President in An Unusual Way

President Taft has been informed that the English Grand Lodge of Masons had granted a dispensation, most unusual in the history of Masonry, for the organization of a Blue Lodge of Masons in London, to be composed entirely of Americans.

The dispensation was granted by the Duke of Connaught, Grand Master of the Grand Lodge of England.

The Duke and President Taft will be made the first honorary members of the Lodge, which will be instituted June 3d.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for anyone that it fails to cure. Send for list of testimonials.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

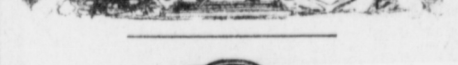

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Do you know anything about eyes? Could you examine eyes and select the proper glass? Do you know anything about lenses? Could you tell the proper form and strength of lens for the different visual defects? Do you know about decentering lenses and combining prisms with them? Their effect? What about eye strain? Can you see the modern optical instruments? Do you expect people who have had no special course in optics, who have none of the modern instruments and who devote their time almost exclusively to other callings, to know any more about optics than you know?

Home-Grown Strawberries

Now coming. My supplies will come direct from the growers by express and will be on sale here on same days they are picked. Will be sold WHOLESALE and RETAIL in full-size cups just as they come from the patches and will be as heretofore—the best that come to this market. The long-protracted drouth last year killed out many of the patches and the crop will be short, and my advice to those who want berries is to not put off securing what they may want. I am expecting some very fine berries, so place your orders with me and I will guarantee satisfaction.

My supplies of vegetables are now principally HOME GROWN and I am in position to at all times furnish the best and the freshest. Flour is still booming. This week I am going to offer the Famous

and at that I am still under the market. Just received my last shipment of FANCY OLD POTATOES from the North for both table and planting purposes.

SPLENDID REPORT

Fine Work of Pupils of Miss Gordon's Training School

With today the 1908-9 term of work of Miss Gordon's Training School practically comes to a close, and with an outing tomorrow and re-convening on Thursday for the announcement of grades, the pupils and their faithful teacher will part for the summer vacation.

This year, in point of attendance especially, has been a most remarkable one for this school. During the term every seat in the schoolroom has been occupied, while many applications for enrollment of new pupils have been refused on account of not having the necessary accommodations. The term has been marked by regularity and promptness on the part of the pupils, and this has done much toward making the session a most successful one.

Not only in point of attendance has the year's report been quite gratifying, but the work of the pupils in their studies has also been splendid and in keeping with the very thorough instruction they are known to receive, for as a teacher Miss Gordon's reputation is second to none in this section. Her school has been on the College scholarship list for several years and her pupils, when they have finished her course of study, are well prepared either for higher educational work or for good commercial positions. Miss Gordon's success as a teacher has been due to the close application of her time and energy to her work; the encouragement in every way possible she gives her pupils, endeavoring to know the ability and tendency of the children entrusted in her care, and, thus understanding them, getting the best results of her labor.

That her work does stand exceptionally high, and is appreciated, and that she is classed as a very superior teacher, is evidenced by the private school she has built up, notwithstanding the fine Public Schools of the city.

Having no graduates this year, no public exercises will mark the closing of the session's work, but instead teacher and pupils will tomorrow enjoy a delightful outing at Mr. Hedges' place in the county, formerly known as the Best farm.

On Thursday the pupils will have their year's report read to them, and the session of 1908-9 will have passed into history.

CURED TO STAY CURED.

How a Maysville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured.

Doan's Kidney Pills make lasting cures. Maysville people testify. Here's one case of it:

M. C. Chisholm, 317 East Second street, Maysville, Ky., says: "The cure which Doan's Kidney Pills effected in my case some years ago has been permanent, and the testimonial I gave in their favor still holds good. I was bothered a great deal by too frequent passages of the kidney secretions, this being especially annoying at night, when I was obliged to arise several times. Having my attention called to Doan's Kidney Pills, I procured a box at J. J. Wood & Son's Drugstore, and had only used them a short time when I noticed a marked improvement. They soon cured me, and I have learned of several instances where they have been used with good results."
